

## Branch clamps in C-type, Cu

- Ideal for clamping identical conductor cross-sections e.g. to VDE 60228 Cl. 1 and 2
- No need to cut the main conductor

### Material

- Copper (ETP)

### Surface

- Tin-plated to protect against corrosion

### Processing Instructions

- Optimum conducting characteristics in combination with compound

### Additional information

- Part Number appendix for bright version "BK"
- rm = round multi-stranded; re = round single solid
- \* = Also suitable for 25 mm<sup>2</sup> round solid
