

## Product Introduction

- ◆ High-pressure hydraulic power pump, accompanied with a variety of single-hole hydraulic tools, driven by a motor at high speed two-section high and low pressure quickly out of oil, the maximum output pressure 700kgf/cm<sup>2</sup> (10000psi).
- ◆ Electric hydraulic pump oil provide quickly, saving time and effort high efficiency.
- ◆ With bottom switch JOG control.
- ◆ With 2M high pressure hose, 360 degree rotation direction.
- ◆ Applied voltage 110V (220V motor is also provided).
- ◆ Oil storage capacity, suitable for oil: R32 special circle oil.
