

**3**

## K 118 Hand-operated cutting tool for Cu and Al cables up to 12 mm dia.

- **Ideal even in tight spaces**
- **Cutting tool for solid, stranded, fine stranded and super fine stranded conductors, e.g. DIN EN 60228 class 1, 2, 5 and 6**
- **High cutting performance by specially designed cutting blades**
- **Two cutting blades for small and large cable dimensions for high user comfort**

### Characteristics

- One-hand operation

### Suitable for

- For solid conductors, class 1, to 10 mm<sup>2</sup> (max. Ø 4 mm)
- Copper stranded conductors, class 2, to 16 mm<sup>2</sup> (max. Ø 5 mm)
- Aluminium stranded conductors, class 2, to 25 mm<sup>2</sup> (max. Ø 10 mm)
- Copper fine and superfine stranded conductors, class 5 and 6, to 50 mm<sup>2</sup> (max. Ø 12 mm)
