

# CEM DT-118 | MULTIMETER MINI 3 IN 1

DT-118 Digital Multimeter flashlight and a voltage sensor

DT-118 is a double-molded housing pocket-sized computer, which display the maximum count of 2000 and an excellent contrast. CAT III 1000 V, a safety rating. Low-power domain the suitable e.g. review of current signals, and the HVAC measurements. Also includes non-contact voltage detector and flashlight.

Features:

- Safety rating: EN61010-1 CAT III 1000V
- Protection: 200 mA fuse
- Display count: 2000
- safe structure
- Automatic measuring range setting
- Display hold function
- Auto Power Off
- Flashlight
- Non-contact voltage measurement (NCV)
- pocket-sized

Technical information

- DC voltage: 200mV, 2V, 20V, 200V, 600V
- 40-400Hz AC voltage: 2 V, 20V, 200V, 600V
- DC-current: 200 $\mu$ A, 2 mA, 20 mA, 200 mA
- AC current: 200 $\mu$ A, 2 mA, 20 mA, 200 mA
- Resistance: 200ohm, 2, 20, 200kohm, 2, 20 Mohm
- NCV (VAC 100 ... 600 V) non-contact voltage detection.
- diode Test
- continuity Test
- Dimensions (HxWxD): 120x55x40 mm
- Weight: 145 g
- EN61010-1 1000V CATIII

Accessories: test leads and 2 x AAA battery.

Product code:	DT-118
Item number:	CEM DT-118
Manufacturer:	CEM
Unit:	pcs
Packaging:	1
Weight:	0.22 kg
Availability:	27
