

- CP-09 Small sized, convenient-to-use AC current Clamp-on Adapter
- The CP-09 is the ideal tool to extend the current ranges for all Multimeters.
- The CP-09 is a 200A AC current clamp-on adapter with voltage output via a standard banana inputs to be connected to multimeters

• **Features:**

-
- 1. Smaller sized, convenient-to-use AC Current Clamp-on Adapter
-
- 2. 200A AC current clamp-on Adapter with voltage output

• **Specifications:**

- Output Impedance <1kW
- AC Bandwidth 40 to 400Hz
- Jaw opening 16 mm
- Storage conditions - 22°F to 140°F (-30°C to 60°C); <90% Relative Humidity
- Altitude Operate at less than 3000 meters

• **Standards**

- EC1010-1 (1995); EN61010-1 (2001) Category II 600V, Category 600V.
- Function
- Range
- output
- Sensitivity
- Accuracy (of reading)
- accurate (50 / 60Hz)
- 0-200A 1mV / A 1A / mV AC $\pm 2.0\% \pm 0.5A$
- Size (HXWXD) 80 x 66 x 31mm
- Weight 80g
