

Flat band cutter FS-40

This copper flat band cutter enables mechanics to cut copper flat band up to ca. 0.24 x 1.57 inches, (6x40 mm) at place. Through the low afford of force and its easy use, it is possible to use under narrow conditions. No more sawing! Quick blade release allows fast backout in any position. Can be used even in confined areas

Order number 40.000

Technical Data

Lenght	290 mm
Width of head	175 mm
Weight	1,7 kg

Area of Application

Diameter	6 mm
Cross section	240 mm ²
Handle Surface	Polypropylene brown-finished
